[Hkust Notebook Desktop Ownership Program](#)

It could be files from an old account from a user that's no longer around, or maybe some system files you need to tweak edit to customize certain aspects of the operating system.. Jointly organized by the Students' Union and ITS, this year's Notebook Ownership Programme will commence on 11 August 2018.. Windows 10's file system can be used to to assign permissions to specific groups and users to access files and folders on a computer.

When you're signed in to your Windows 10 account, you get full control over the files and folders you create, sometimes you may also need access to other files.. If you don't have specific permissions, Windows 10 will deny you access But if your account has administrative privileges, you can take ownership of certain files and folders on your computer.. A range of products is available including notebook, tablets and desktop computers, along with other common peripherals, accessories and software.
